

Accessing Your Legacy Baker Hughes Pension Plan

Go to **BakerHughesBenefits.com** to access and register with your new Pension Plan account.

When you create an account, you will need to provide:

- The last four digits of your Social Security number,
- Last name, and
- Date of birth.

From there, you will create a user name and password, and set up your security questions. The new pension site uses multi-factor authentication to better protect your private data, so you will also need to confirm an email address or phone number for verification codes.
