Variable Rate of Return Investments Table

This table looks at the rates of return from investments that increase and decrease in value. The table shows how these investments have performed over time. You can compare each investment option to a benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money. In addition to the web addresses listed in the table, more information about the investments in your Plan including an investment option's principal risks is available on the participant website listed in the title.

[~] Gross Total Annual Operating Expenses are the gross fees potentially charged to the investment option and are displayed above in accordance with fee disclosure regulations. The Net Total Annual Operating Expenses, also displayed above as supplementary information, are the actual amounts charged by the investment option and may be different from the Gross Expenses due to certain fee waivers or additional expenses charged by other service providers. Expenses reduce the return of the investment option. Part of these fees may be shared with the plan's service providers and, under an agreement with the applicable plan fiduciaries, may be used to help pay for plan administration and/or recordkeeping fees. The plan's fiduciaries may make changes to the plan's investments at any time subject to applicable notice requirements. Please see the participant website for more information.

Please note that any Asset Allocation Models listed above, if applicable, are not separate investment options and that Gross/Net Total Annual Operating Expenses are not separately calculated for the Models. The annual expense information provided for any Asset Allocation Model in table 2 above is for informational purposes only and is determined by adding together the weighted percentage of the Total Annual Operating Expenses (Gross and Net) of each of the Plan's investment options utilized in the Asset Allocation Models. For information on the investment options and allocation strategies of each Asset Allocation Model, if applicable, please visit the plan's website or contact the Participant Call Center.

^ Shareholder/Shareholder-Type Fees are fees paid directly from your investment in this option (e.g., sales loads, sales charges, deferred sales charges, redemption fees, exchange fees, account fees, purchase fees, transfer or withdrawal fees).

NOTE: More current information about the Plan's investment options, including fees, expenses and performance updates, may be available on the participant website listed in the title.

3 - Plan-Related Information

This section provides general Plan information, including a description of non-investment management fees and expenses that may be charged to your account. This section also includes information on General Administrative Services Expenses and Participant-Elected Services Expenses. Blank fields in the table below can be assumed to be not applicable or zero. If there is no General Administrative Services Expenses table displayed there are no General Administrative Services fees paid by you for your Plan.

General Information

Non-Investment Management Fees and Expenses: Includes recordkeeping, accounting, legal, consulting or other administrative fees that may be charged to your account. The dollar amount actually charged to your account during the previous quarter for such administrative or individual expenses will be reported to you on your quarterly statement. If you have additional questions related to fees on your account, please contact the Participant Call Center at the number listed on the first page of this document.

Investment Instructions: Your Plan lets you direct the investment of your account in the investment options listed in Section 1. You may make changes to your investment options via the participant website or by calling the Participant Call Center during normal business hours at the number listed on the first page of this document.

Limitations on Investments: Limits on making changes to your investment choices may be imposed by the Plan Sponsor or by a manager of an investment option. Any limits or restrictions made by a fund manager are described in the prospectus for the fund. They include restrictions intended to prevent "market timing" (i.e., rapid trading in and out of a fund). In addition to the limits and restrictions described in the prospectus, the Plan Sponsor may have other restrictions on making changes to your investment choices. These restrictions are included in the table in Section 2. For more information on investment restrictions in your plan, contact the Participant Call Center at the number listed on the first page of this document.

Voting, Tender, and Similar Rights: The appropriate Plan fiduciaries, or an individual or an institution designated by the Plan fiduciaries, will exercise any voting or other rights associated with ownership of the Designated Investment Alternatives offered in your Plan.

Plan Sponsor intends for this plan to be compliant with section 404(c) of the Employee Retirement Income Security Act, and 29 CFR 2550.404c-1. Fiduciaries of the Plan may be relieved of liability for any losses which are the direct result of investment instructions given by participants or beneficiaries.

Missing Participant Administrative Services. Upon request by the Plan Sponsor, Empower may perform certain administrative services that attempt to identify and locate missing and unresponsive participants. The administrative services may include, for example, performing Participant address searches using a commercial locator service, updating Participant address records and attempting to contact Participants using certified U.S. mail. If the plan incurs any administrative fees for these services, such expenses will be paid from the plan's assets and deducted from the applicable missing or unresponsive participant's account balance or from the proceeds of any uncashed benefit payment made by the plan to such participant. The missing participant administrative fees are estimated to range from \$10 up to \$75 per participant per year depending on the services elected by the Plan Sponsor.

For further information regarding these potential fees, please contact the Participant Call Center at the number listed on the first page of this document.

Fees and expenses do add up over time and can substantially reduce the growth of your retirement savings. Fees and expenses are only two of several factors to consider when you make investment decisions.

You can visit the Department of Labor's website for an example showing the long-term effects of fees and expenses at https://www.dol.gov/agencies/ebsa/about-ebsa/our-activities/resource-center/publications/understanding-your-retirement-plan-fees.
