Medical

Our Cigna Worldwide Medical plan helps you manage your health, whether that means treating a specific problem or using free preventive care to make sure everything's in working order.

Please note that you'll always save with network providers. Our Medical plan allows you to receive medical care through the Cigna network of physicians, specialists, hospitals, and clinics at pre-negotiated fees, which are usually lower than what you'd pay outside the network.

The chart below details some of the highlights of your medical coverage.

Save money on healthcare!

Health

You and CignaLinks

CignaLinks, part of the Cigna Global Health Benefits, is a collaboration between Cigna and local health care insurers or administrators. The program enhances quality and service by providing access to local health care administrators in selected countries while maintaining the benefits and advantages of a global plan. When you access care through a CignaLinks doctor or hospital, you will benefit from higher discounts and less paperwork.

If you are an employee who is on assignment, rotating, or you are a local national from a CignaLinks country, you will automatically be enrolled in the CignaLinks program. You may be required to fill out some additional paperwork. Cigna or Human Resources will contact you if this is necessary and will provide all the details.

CignaLinks networks are currently available in the United Kingdom, Australia, Hong Kong, the Middle East (Saudi Arabia, United Arab Emirates, Kuwait, Bahrain, Oman, and Qatar), Canada, Singapore, China, Macau, Indonesia, Taiwan, Malaysia, Brazil, Spain, South Africa, and Nigeria. Employees in China and Taiwan have access to the provider network in Hong Kong and employees in Malaysia and Indonesia have access to the provider network in Singapore.

CignaLinks ID cards

For employees in Australia, the Middle East, Canada, Spain, Brazil, or Africa (South Africa and Nigeria), you will receive two cards—your Cigna Global Medical ID card and a separate card for the local insurance carrier. Make sure you use your local ID card when making claims in those countries. You will receive a dual-branded ID card for Greater China, Southeast Asia, and the United Kingdom.

Annual policy maximum, out-of-pocket maximum, and coinsurance

Lifetime maximum

A lifetime maximum is the most the plan pays in benefits per covered person. Each covered person can receive unlimited care during his or her lifetime under the Baker Hughes policy.

Out-of-pocket maximum*

The out-of-pocket maximum limits the amount of eligible expenses that you're required to pay for covered services in a calendar year. Once you reach the out-of-pocket maximum, the plan pays 100% of eligible expenses up to the benefit limits for the rest of that calendar year. While coinsurance counts toward your out-of-pocket maximum, the following expenses don't apply toward the out-of-pocket limit each year: charges that aren't considered covered plan expenses and amounts above the maximum reasonable charge.*

Coinsurance

Coinsurance is a form of cost-sharing between you and the plan. You pay a certain percentage of the eligible covered expenses and the plan will pay the rest for eligible health care expenses up to plan limits.

*Maximum reasonable charges are the standard costs for services in a geographic area.

Explanation of how the out-of-pocket maximum works

Each covered person has an individual deductible and an out-of-pocket maximum, which can be met without reaching the Family limit. Once two or more individuals reach the Family deductible or out-of-pocket maximum, the individual limits no longer apply.

When an individual family member satisfies the individual out-of-pocket maximum of \$1,000, claims for that individual are covered at 100%. The out-of-pocket maximum includes the deductible, copays, pharmacy copays, and pharmacy coinsurance.

In this example, no family member has satisfied their individual deductible. However, the family as a whole has satisfied the family deductible of \$2,000. Therefore, everyone is covered at the plan coinsurance level.

Member(s)	Deductible
Member 1 (Primary Member)	<ul style="list-style-type: none">• \$300 applied to deductible• This \$300 is applied to the family deductible
Member 2 (Spouse)	<ul style="list-style-type: none">• \$500 applied to deductible• This \$500 is applied to the family deductible
Member 3 (Child)	<ul style="list-style-type: none">• \$400 applied to deductible• This \$400 is applied to the family deductible
Member 4 (Child)	<ul style="list-style-type: none">• \$800 applied to deductible• This \$800 is applied to the family deductible

Telemedicine

Telemedicine is a form of virtual health that allows you to see or talk to doctor from your mobile device or computer.

What's covered by Cigna Global Health Benefits®?

- Telemedicine services are covered at the same coverage level and cost share as the same service if rendered through in-person consultation or contact – subject to the same medical necessity criteria.
 - Must be provided by an appropriately licensed and credentialed health care professional (including primary care physicians and mental health professionals, etc.).
 - Coverage is provided per the terms and conditions of the policy and the health care professional's or vendor's contracting status: In- or out-of-network.
- Health care professionals, such as mental health professionals, primary care physicians, etc., may provide consultations via telemedicine.
- Telemedicine vendors, such as MDLIVE, Relay for Health, AmWell, etc., provide services for minor, non-urgent conditions.

Who can use telemedicine and how can they access services?

U.S. inpatriates (non-U.S. employees on an expatriate assignment in the U.S.), **Third Country Nationals** (non-U.S. employees on assignment in a country other than the U.S.), and **U.S. expatriates** (U.S. employees on assignment outside the U.S.) are eligible. This is how you can access services:

- Access services from any health care professional inside or outside the U.S. – home country or locally via web, email, phone, etc.
- Be aware of potential treatment limitations (including prescriptions) when seeking services from a remote health care professional.
- Access services from a local telemedicine vendor for minor, non-urgent care.
- For employees not located in the U.S., we do not recommend seeking services from a U.S. telemedicine vendor due to licensing regulations and treatment limitations.

Prescription Drug coverage

Prescription drugs can be essential for treating a variety of conditions and we all need them occasionally. They're also expensive, which is why Baker Hughes provides Prescription Drug coverage automatically with your medical coverage. Because prescription drugs are a key driver of higher health care costs, it's smart to ask your doctor to prescribe generic equivalents whenever possible. Generics work the same as (or similar to) the more expensive brand-name drugs but cost you—and Baker Hughes—much less.

Under the Cigna Worldwide plan, you automatically receive Prescription Drug coverage through Cigna. When you utilize Cigna for your prescription drug coverage, you will pay the full price of the prescription drug at the time of purchase then submit a claim form for reimbursement. To file for reimbursement, you will use the same claim form used for medical claims.

Cigna Dental

There's a clear medical connection between dental health and your overall health. Our Dental plan encourages preventive and diagnostic dental care and provides coverage for basic and major dental care as well as orthodontia services.

You can visit any licensed dentist you wish. However, if you use a dental provider who participates in the Cigna PPO network, you may pay less for care. There's no penalty for using a non-network dentist, but Cigna won't pay expenses that exceed the Reasonable and Customary (R&C) allowable amounts.*

When you incur a dental expense, you pay the full cost at the time of service unless you use a Cigna dental provider. You will need to file a claim through Cigna in order to be reimbursed. The claim form is the same one used for medical claims. If you have a question about a specific treatment, contact Cigna. Once you reach the annual dental maximum benefit, expenses will not be covered for the remainder of the plan year.

Vision

Under the Cigna Worldwide plan, you automatically receive vision coverage. This coverage is designed to help you and your family take care of your vision needs anywhere in the world.

When you receive vision care services, you pay the full cost at the time of service. You will then submit a claim form to Cigna for reimbursement. The claim form is the same one used for medical claims. Cigna will reimburse expenses for routine vision exams and medically necessary care, but not cosmetic work.

Protection

Disability Benefits

Most people understand the need for life insurance, but if you're unable to work because of an illness or injury, the bills will keep coming even though your paycheck won't.

That's where Baker Hughes disability benefits can help.

There are two kinds of disability coverage: Salary Continuation and Long-Term Disability.

Salary Continuation

Baker Hughes helps you prepare for unexpected absences by providing you with Salary Continuation at no cost to you.

The plan provides the continuation of your base pay during a disability for a period of up to 90 days or until recovery, whichever is earlier. If you are disabled for longer than 90 days, you may be eligible for Long-Term Disability.

Note: If you return to your home country while receiving Salary Continuation, your hardship and Goods and Services allowance is stopped.

Protection

Long-Term Disability

Becoming permanently disabled or having an extended disability can have devastating financial implications. Few people can afford to stop working for an extended period of time.

The Long-Term Disability (LTD) plan provides the continuation of a portion of your benefits base pay after a period of 90 days (the maximum benefit period for Salary Continuation).

LTD

- Pays 60% of your benefits base pay
- Maximum of \$41,667 per month*
- Up to age 65 or recovery per the terms

**Subject to a reduction by deductible sources of income or other disability earnings. Your actual disability income may fall below the plan maximum based on your annual benefits base pay. If your monthly income exceeds this amount, the per month maximum indicates the maximum eligible amount you may receive while disabled.*

What is benefits base pay?

Benefits base pay means your base annual earnings, including any before-tax contributions you make through the benefits program. This does not include any overtime pay or bonuses. For certain benefit rate calculations, your benefits base pay is determined either in September, your date of hire, or your transfer date, whichever is later. Some field employees may have a gross-up rate in place of base salary.

Protection

Life Insurance Benefits

Nobody likes to think about it, but it's important to provide your family with some financial security in the event of your death.

Baker Hughes offers you a variety of life insurance coverage options to protect your family. There are three coverage components:

Age 70 or over	Coverage is reduced by 50% the first of the year following your 70th birthday

To elect certain supplemental insurance coverage levels, you (and your spouse) may be required to provide proof of good health, also known as Evidence of Insurability (EOI). If you are required to complete EOI, you will be notified at the time of enrollment.

Protection

Basic AD&D insurance

The basic benefit is equal to 2x your benefits base pay rounded to the next higher \$1,000 if not already a multiple thereof (minimum \$50,000; maximum \$3 million).

You'll have four opportunities each year, one per quarter, to enroll in the ESPP. Your first opportunity to enroll in the ESPP will be this year during Annual Enrollment. Fidelity administers the ESPP.

Contributions are deducted on an after-tax basis from each paycheck based on your election of up to \$3,000 per quarter. Your contributions add up between the offering date and the purchase date. The purchase date for payroll contributions is the last day of March, June, September, and December on which trading in Baker Hughes common stock is conducted on the New York Stock Exchange.

- Then the site will ask you to type in a mobile phone number where you can receive a text. This is called multi-factor authentication.
- Check your text messages for a code to type into the box on the screen.
- Create a password at least eight characters long. The site will require you to include a combination of capital and lowercase letters, numbers, and symbols.
- Each time you log in, you will be required to use multi-factor authentication (sending your mobile phone a text with a code).

Deduction Authorization

As a Baker Hughes employee, I understand that I may be eligible for Health and Welfare benefit coverage. Certain benefits are provided and paid for by Baker Hughes. Other plans and coverage levels require an employee contribution. Upon election of any level of coverage which requires an employee contribution via payroll deduction, I hereby authorize Baker Hughes to deduct the applicable contribution from my paycheck as required. I realize that premium amounts may be adjusted by the benefit providers/administrators or Baker Hughes and that I will be notified in writing of such changes.

Baker Hughes accepts no liability or responsibility for paying any employee portion of premiums. Paychecks are prepared biweekly. Depending upon timing of plan election, payroll deduction of retroactive premiums may be necessary.

If during the course of employment with Baker Hughes I am approved for a Leave of Absence (LOA), I understand I will be required to pay my employee contributions for coverage in place prior to leave. Payment of these premiums for continuation of coverages will be deducted from my paycheck. If I am not receiving pay during the leave, the benefit deductions will go into arrears and will be deducted from my regular pay upon my return to work.

Upon termination of employment, it may be necessary for Baker Hughes to deduct the remainder of any employee contributions for the current month's coverages, in addition to any outstanding amounts.

Incentives

Long-Term Incentives

Our Long-Term Incentive Plan (LTIP) rewards the leaders of our company for creating positive, sustained business results. The LTIP also allows our leadership to build an ownership position in the company, which helps us all focus on the reward potential of share price appreciation. The company's Board of Directors may issue certain long-term incentive awards, including:

Stock options	Performance units	Restricted stock shares or units
Allows you to purchase shares of company stock at a fixed price at a discount on the grant date	Long-term incentive payable in cash if financial goals are met by the end of a three-year performance period.	Awards you company stock over a specified vesting period (typically pro rata over three years).

Participation is not automatic

Participation in the LTIP is based on your current performance and potential contributions to the company's future success. You are eligible for consideration for participation as long as you remain an active employee of the company, in good standing, and as long as the Compensation Committee of the Board of Directors continues to make LTI grants.

The date of the grant and the exercise price for Stock Options is set by the Compensation Committee of the Board of Directors as described in the plan document.

After you receive an LTIP award, you will be provided with more detailed information on the LTIP.

Check it Out!

LTIP awards are granted to help align employees' performance with shareholders' interests, as well as the strategies and goals of Baker Hughes.
